# WINTER CARNIVAL APPROACHES

*Craig Tynan, newly appointed Editor-In-Chief of the Michaelman rereads his first editoral while News Editor Tom Leavitt looks on.*

## TYNAN HEADS MICHAELMAN

Craig Tynan, a Junior from Pleasantville, New York, has been appointed Editor-in-Chief of "The Michaelman" by the Editorial Staff of the paper, on the recommendation of Mr. John Donoghue, Moderator, and Dave Quinlan, Senior outgoing editor. The position of News Editor, vacated by Tynan, is being taken over by Thomas Leavitt.

Tynan, son of Mr. and Mrs. John E. Tynan of Pleasantville, New York, was graduated from Archbishop Stepinac High School, White Plains. A Major in the AFROTC here at St. Michael's, he has been active in the Glee Club, the Debating Club, and numerous other activities on campus.

Craig hopes to fly a jet after graduation, and plans to be a travel agent in civilian life.

Tom Leavitt, a sophomore, is the son of Mrs. Irene Heath, Contoocook, N.H. He is a graduate of Hopkinton, N.H. High School.

Former writer of the Michaelman's "Jet Stream" column, Tom is also in the AFROTC. Besides being a waiter in the dining hall, Tom is active in the Debating and the International Relations clubs.

A History major, Tom plans to teach after he graduates.

The present paper is the first issue to be published under the new editors.

## Council Gets Mailbox For Ryan Hall

S.A.C. President Bob Bolster announced at the S.A.C. Meeting of January 18, that he had been informed tentatively that a pick-up mailbox would be placed in Ryan Hall sometime during the Spring

Also at the same meeting it was decided that the equipment used at station WSSE would be stored during the summer months in a location under the supervision of the Dean of Men's Office, to prevent loss of the expensive equipment.

The Council welcomed its new representative from the MICHAELMAN, Editor-in-Chief Craig Tynan. As Tynan was replacing Dave Quinlan, the ex-Editor of the MICHAELMAN, who has been Corresponding Secretary for the Council, the Council at the same time elected a new Corresponding Secretary, Paul Kehoe.

At last week's meeting (the 24th), the Council discussed the coming Carnival. Questions were raised as to how much it was being pushed by Outing Club members, and it was decided that the Club would determine an approximate attendance during the Retreat.

President Bob Bolster announced the following interclass events, and their approximate dates: (1) Interclass bowling competition, during the week of March 13 or 27. (2) Interclass basketball finals will be held the week of March 13, (3) Interclass hockey will run from January 31 until weather stops competition.

## REEVES ORCHESTRA SIGNED FOR FEB. 11-13 WEEKEND

St. Michael's annual winter-season social highlight, the Winter Carnival, is just around the corner. Next weekend, February 11, 12 and 13 will feature a "Winter Rhapsody" theme and a variety of events calculated to keep a vast number of Michaelmen and their misses in constant winter merriment.

Two dances, two ski trips, a basketball game, and the traditional Skier's mass make up the 1955 Carnival.

Two dances, two ski trips, a basketball game, and the traditional Skier's mass make up the 1955 Carnival.

Officially speaking, the Outing Club-sponsored Carnival gets underway Friday night with the semi-formal ball in Austin Hall. The Carnival Committee, in its quest for a band, came up with Ken Reeves and his Orchestra. The Reeves Orchestra has done most of its playing at the Oval Room of the Sheraton Plaza Hotel in Boston. Although the Reeves Orchestra has, so to speak, made Boston and the Sheraton Plaza home, it has also ranged far and wide throughout the New England States. Its most prominent college dates have been the Dartmouth Winter Carnival, considered by most to be the top college weekend in the country, and engagements at Regis, Brown, Williams, Colby, and Harvard. According to Senior Class President Ted DiMauro, a member of the Carnival Committee, this band is very versatile. DiMauro said that it is a smooth dance group and plays everything from cool to dixie to your hit dance favorites.

### BUSES TO UNDERHILL

Saturday morning, ski-buses will go to Underhill for the entire morning and that same afternoon, the Carnival-goers will be treated to what may properly be billed as the Purple Knights' toughest home basketball test. The Knights will play LeMoyne, a Central New York power from Syracuse, which has so far beaten the likes of Siena and which three years ago knocked off St. Michael's in the Catholic Tournament.

Saturday evening will feature another dance, but the gods will be able to discard their formals for this one, which is informal. It will be from 8 to 12.

As the weekend draws to an end, the traditional St. Michael's Skier's Mass will begin Sunday on a solemn note. The Mass will be followed by the also-traditional blessing of skis. The Winter Carnival weekend will then officially draw to a close as ski-buses depart for the nearby nationally-famous ski center, Stowe-Mt. Mansfield. At Stowe skiers will find a paradise for christy- and snow-plow-fanatics, while non-skiers will be afforded one of America's great scenic treats.

This event-filled weekend is the result of concerted efforts on the part of the Committee, which started work right after the Senior Ball in October. Leading the efforts has been Carnival Chairman Don Deleppo. The Committee was also aided by Outing Club Prexy Bob Ryan, and the Outing Club Moderator, Prof. Joseph Powers.

Though the Winter Carnival may be said to promise social success, the Committee is not stopping there, for they have a double purpose: to assure a social success, and to assure, to the best of their ability, a financial success. The first purpose can be served only by the Committee, but the latter falls not only on the Committee's shoulders but also on those of the students. Only faithful student support, participation and interest will assure the continuance of the winter social tradition which has come to be looked forward to, namely, St. Michael's Winter Carnival.

## Lance Handles Two Contests

### INTERCLASS WRITING COMPETITION

David M. Essenfeld, Editor of LANCE, announced details today concerning various campus activities which will be handled exclusively by LANCE and which are of concern to all Michaelmen.

First, and of most immediate concern, among these is the writing competition which is to be held at Saint Michael's, and which is open to all in connection with interclass competition. In brief, there will be three general divisions in this interclass competition: Essay, Short-Story, Poetry. All manuscripts are to be submitted to the Editor of LANCE. Manuscripts of merit will be considered for publication by him. In addition to this, a staff of three or four faculty members will examine the contributions and decide upon the winners in each field. Based upon their conclusions, points will be awarded to the class or classes represented by the contributing authors. These points, of course, will be added to the sum total of points attained by that class in all competitions for the entire year. LANCE will publish the winning contributions if these are in keeping with its policy.

It cannot be stressed to clearly that you must submit your writings to the Editor of LANCE if you wish to have it entered for your class in the competition. This is to insure uniformity. Mr. Essenfeld asks all prospective contributors to specify on their submitted works whether the manuscript is submitted for inclusion in LANCE, alone, or whether it is to be forwarded to the faculty committee for consideration in the contest. The deadline on all contributions is February 28, 1955

*Continued on page 4*

## Who Retreated?

St. Michael's College students have recently completed their annual retreat preached by Rev. Kevin Patrick Henry, O.F.M., and have returned to their studies to complete the final half of the year. The Golden Jubilee year retreat opened on Sunday night and followed the schedule with Mass, lectures, prayer, meditation, and evening devotions until Wednesday.

Father Henry, a native of County Sligo, Ireland, came to this country in 1940. After studies at Holy Name College, Washington, D.C., and St. Bonaventure University, N.Y., he was ordained in 1945. He served as assistant at St. Francis church in New York City for two years. After six years as a missionary in Colorado, Wyoming, Montana, and Texas, he was assigned from St. Elizabeth's monastery in Denver to the Franciscan Monastery at Paterson, N.J., as retreatmaster. Before coming to St. Michael's last Sunday, he conducted a retreat at St. Joseph's Hospital, the Bronx, N.Y.

The student retreat may have been new for some freshmen, but for the rest of the student body it was something looked forward to. In the past years retreat time has been a time of reconciling oneself with God, of emptying one's heart before the Creator and examining it to see if it shines with the light of grace or if it is stained and dimmed with sin.

## *These Are The Winners*

*Father Duford, S.A.C. Moderator, picks the winners as L. to R. Jack Stebbins, Ass't Chairman; Norm Bessette, General Chairman, and Lou Brault, Fund Raising Chairman, wait in anticipation.*

The Junior Class Raffle sale officially came to a close on February 3. The fund raising campaign which was initiated on November 15 was declared a success by Fund Chairman Lou Brault. The results assure the students that a big name dance band will be featured at the Prom in May.

Winners in the raffle, as announced by Father Duford, are: Ist Prize: Mr. & Mrs. Tom Michel, 507 Avon St., Richford, Vermont; 2nd Prize: James Virtuoso, Katona, N.Y.; and 3rd Prize: Lorraine Audette, 107 West St., Essex Junction, Vermont. In order, the prizes are, a combination radio-phonograph, a table model radio, and a cigarette lighter.

Before the official drawing by Father Duford, Father expressed his sincere thanks on behalf of the Junior Prom Committee to the entire student body, the faculty, priests, and parents for their splendid cooperation.

Norm Bessette, General Prom Chairman, has announced that as 1955 is the Golden Jubilee Year of SMC, the Junior Class intends to make this year's Senior Weekend the biggest and best ever. The raffle was just one of a number of projects that the Prom Committee has undertaken to insure the success of the weekend.

# The Michaelman

A weekly news publication issued by and for the students of St. Michael's College, Winooski Park, Winooski, Vermont

VOLUME 8 FEBRUARY 5, 1955 NUMBER 11

Editor-in-Chief - Craig Tynan
News Editor - Tom Leavitt
Make-up Editor - Jim Dempsey
Copy Editor - Ronald Brady
Sports Editor - Frank O'Handley

Editorial Board - Henrik Bredenberg, Ted Dimauro, Dave Quinlan, Frank Adams, Jack Thompson, Walt Bellcourt, Sarto Sasseville, Jack Stebbins, Lowell McPherson, Joseph Fortin, Marius Peladeau, George Latimer, Jim Maheu, Mike Ward, John Steele, Donal Flynn, Jerry Ryan, Pete Barelski, Fred Hannan, Jr., Al Sasseville, Joe Ballister, John Steslow, Tom Gallini.

Circulation Manager - Dan Sullivan
Treasurer - Art McCormack

Business Staff - Ray Donlin, Don Gasiorowski, Paul Kenney, Art Morin, Jim Ross, Jim Sullivan

Moderator - John Donoghue

## Don't Discourage Her!

A good number of the men on campus have girl friends who are nurses or are thinking of becoming nurses. Does your girl want to be a nurse? And have you tried to discourage her? We have heard many fellows say, "I don't want my girl to be a nurse." And when asked why, they invariably reply, "She sees too much that's sordid. Learns too much about life."

But is it wrong for a refined, well-brought-up girl to see and know about life? Knowledge prepares one to face life, to recognize its pitfalls and dangers and learn how to avoid them. Ignorance breeds nothing but ignorance.

If nursing shows the sordid, it also conveys the beautiful.

It is seen in the expression of a new mothers face or felt in the grateful clasp of a patients hand.

Where is there a greater apostolate than to help bring health, step by step, back to a person recovering from a serious illness or a life-saving operation.

Of course, it's work. But there are some people left who are more intelligent than to think that life owes us a living, who admit that God gave us certain natural virtues. And that by using those abilities we earn our place in the world.

A girl who wants to be a nurse feels a compulsion to help someone. It is this wonderful quality developed and put to use that makes her a good nurse.

It it were not for girls like her, there would be none of that extra special attention for which so many of us break our legs to get into Fanny Allen Hospital.

A girl finally accepted by a hospital staff must have certain qualifications of scholarship, appearance and sincerity. She who becomes a trainee has already proved that she is cut above the average graduate. You have every reason to be proud of her.

Then there is the practical viewpoint, too. Nursing is a profession. And respected as such. A nurse comes away from her training with expert knowledge, experience that fits her to be a good wife and mother, skills that can earn her a livelihood all the days of her life.

They may get discouraged when they see all the death and sickness around them if they forget their purpose. But, they can be encouraged by remembering that being a nurse is certainly no detriment! And to skillfully tend others with compassion and tolerance is to walk hand in hand with Christ.

## Attention! Pre-Meds!

Princeton, N.J., January 17. Candidates for admission to medical school in the fall of 1956 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

The MCAT consists of tests of general scholastic ability, a test on understanding of modern society, and an achievement test in science. According to ETS, no special preparation other than a review of science subjects is necessary. All questions are of the objective type.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Educational Testing Service, 20 Nassau Street, Princeton, N.J. Completed applications must reach the ETS office by April 23, and October 17.

## Debaters Sponsor Inter-Class Tourney

In conjunction with the inter-class activities program, inaugurated this Fall, the Newman Debating Club is sponsoring an inter-class tournament, designed to give every student his chance at extemporaneous oration. The topic of this tournament concerns the course of studies initiated here at SMC only three years ago-the St. Michael's Plan. The question reads: "Resolved; That the St. Michael's Plan meets the needs of the Catholic College Student."

**ELIGIBILITY**

Everyone on the hilltop, with the exception of those members of the Debating Club who have had experience previous to this year in inter-collegiate debates. A special committee, under the chairmanship of Paul Kane is in charge of all details of the tournament.

**REGISTRATION**

You may register with any member of the Debating Club, or with your class president. The competition is scheduled to begin in the middle of February, with the debates running for 10 minutes for the constructive speech and 5 minutes for the rebuttal. The contests will be judged by members of the Debating club, the faculty, and in the final elimination, by principals of local schools. The finals will be held in Austin Hall during the week of March 13th; trophies will be awarded to the winning team, while the class they represent will receive points toward the inter-class trophy.

**CLUB TO MAKE N.Y. TRIP**

The Debating Club has scheduled a number of Spring debates the climax of which will be the St. John's Tournament immediately preceeding Easter vacation. Other activities include the annual New England trip for the varsity, and a series of round-robin tournaments for the novices during the Spring against

## Juniors Plug Ahead

At the most recent meeting of the Junior Class, President Hank Bredenberg announced that no band had been selected as yet for the Junior Weekend, thus squelching many rumors to the contrary. Bredenberg said the selection, when made, would be announced through the MICHAELMAN. At the same meeting, President Bredenberg reported that the Junior Class is taking an active part in the new activities program. He said fourteen members of the class were playing hockey, and many more at bowling. Basketball and debating will soon be added to the list. As the Juniors and Sophs are engaged in a tight race for the lead in the activities program, it is expected that the Juniors will turn out "en masse" for the rest of the year, in the hopes that they will bring home the coveted award.

CARNIVAL SCHEDULE

Friday
Evening-Semi-formal Dance - Austin Hall

Saturday
Morning-Skiing at Underhill
Afternoon-SMC vs LeMoyne
Evening-Informal Dance

Sunday
Morning-Skiers' Mass
Afternoon-Skiing at Stowe

Greetings, brother rats! Once more we meet on the battlefield of words after the refreshing and delightful interlude of finals, quarterlies, make-up exams, and anything else you may care to throw in that would cause tender minds to leap and bound with joy. Surely, though, you wallowed over them as much as the profs said you would and nothing was on the trials that wasn't in the book. (How 'bout economics?)

But since this isn't a scholarly article or treatise on college minds, let's strap on the snowshoes and see wha' happening on campus.

**ACTIVITIES**

Winter Carnival coming up soon and looks like a bigger blast than usual. Most of the guys are even bringing dates. Who wants to place a bet (4 beers at Shirley's) that an underclassman dorm will win the snow sculpture contest?....Hat's off to the gang that gave a great show at the Golden Gloves. There must be an easier way to make your girl moon and swoon over you, eh, Clay?....Anybody see the four bathing-suited guys cavorting around in the snow this week? This is one time when Wally the Walrus became a polar bear. All you need is sunshine and 10° weather says he.

**MICHAELGIRL**

An article in the Sunday News quotes a UVM gal thus: "UVM boys are nice but I prefer men from St. Michael's." You're a sweetheart...smart, too.....Some of the kiddies were rather jolted when the five girls from Boston University dined in the chow hall last week. To satisfy your thirst for knowledge (?) their names were Jane, Betty, Ken, Jean, and Lynn. (Call Shelton Hall, Room 414, and ask for "Jet the fixer".) They ski, too....Speaking of skiing, quite a gang of hill-toppers at Stowe lately, thanks to Padre Duford. "Slippery" Art Morin perfecting his shushing until his skies slooshed on the slosh; he slided and slammed. Basketball is a great winter sport.

**RUMBLIN'S**

Most of the lads in the ROTC are addressed as corporal or at least cadet, but Bob Flanagan is so low in rank he's called "citizen"....The ethics marks have been posted. For 25 seniors there is no joy in Mudville. As one bleary-wonder termed it, "The hammers of hell have descended." Tsk, tsk...We notice among the many new coke machines scheduled for the campus St. Will's is left out. Can it be that they have their own beverages?....Marty Bell becoming quite the Poriforo of St. Pat's we are told with his soft crooning to any girl that calls the dorm. Don't they ever bet sick of coffee dates, Rube?....Perhaps you noticed where the steamer Ticonderoga begins it's over land journey to the Shelburne Museum this week. In their quest for gigantic antiques maybe the directors would be interested in acquiring Old Hall. Many frosh would probably help them move it, too.

**EPILOGUE**

Now 'tis time to sew this little ditty up for the week and zook back to the info wires...or a J. Sully puts it, "Toodle-doo, waterlook and we'll see you 'round like a meatball." See you on campus.

**LITTLE MAN ON CAMPUS** by Dick Bibler

*"He's th' most sought-after 'Rushee' on campus...It's rumored he can cut hair and may even have a barber license."*

# SMC STARTS NIGHT SCHOOL

St. ichael's ollege today announced the formation of an evening division to begin operation on onday, ebruary 14.

Very ev. Francis E. oriarty, S.S.E., president, said that after a long period of study St. Michael's is convinced that there is a demand for courses which it is especially fitted to offer.

Rev. Dr. Lorenzo D'Agostino, S.S.E., first Vermonter ever to earn a doctorate in social service and a leading figure in community activities, will be the director of the division.

Father D'Agostino will also teach one of the first five courses: "Personal Psychology". The course will treat of the problems behind psychiatry and psychology, human emotions, mental states, the problems of childhood, adolescent behavior and a discussion of some marital problems.

Other courses will include: "Christian Ethics and the Quest of Happiness", to be given by Rev. Gerald E. Dupont, S.S.E., academic dean; "Philosophy and its Problems" to be given by Dr. John Rowan of the philosophy faculty; "Great Books", starting with the "Divine Comedy" by Dante, to be taught by Dr. Armand Citarella of the department of classics; and "How to Write Good English" to be taught by Prof. Joseph Lovering of the English faculty.

Courses will be given for credit or for auditors. They will be held on onday and Thursday evenings, and are open to both men and women.

In announcing the program, Father Moriarty said that St. Michael's had been asked for some time to offer courses in some of the subjects in which it has especially qualified authorities.

"We think that the courses which we will offer this semester are those for which there will be the greatest interest.

"If these courses succeed as well as we are led to believe by those interested, we will be able to elaborate our offerings," Father Moriarty said.

"We have aimed particularly at balancing the courses so that they appeal to the intellectually curious."

"For example, Dr. D'Agostino studied for three years under the eminent psychiatrist, Dr. Gregory Zilboorg, past president of the American Psychoanalytic Association. He is particularly qualified to discuss the apparent conflicts between religion and psychiatry. The other men are similarly competent in their fields. We think this is a public service that St. Michael's can offer to the community."

"We have made many forward steps in our half century in Vermont. We like to think that this will be as important to the community, for example, as our fine summer session program."

Information on course descriptions and fees may be obtained at the office of the academic dean, Fr. Dupont.

Registration can be accomplished during the week of Feb. 7 or on opening night, Feb. 14.

# FOREIGN STUDENTS KEEP MULTIPLYING

St. Michael's College during the past year inaugurated a new plan to its course of studies. It is a foreign student program which, during the first semester, attracted five students. Of these five men, four have been here for English and the fifth has taken an English course the first semester and now during the second semester, Business Administration.

After fifteen weeks of study at St. Michael's two Canadians Jacques Dion and Bob Massey; one Colombian, Frank Micolta; and one Spanish student, Antonio Borras have left our campus. The fifth member of this group, Fernando Zuluaga is staying here foran additional course in Business Administration.

During the second semester a group of approximately fifteen new students are expected to enter the foreign student program.

In an interview with one of these students, it was very interesting to learn of his purpose here at St. Michael's. Antonio Borras, from Palma Je Mallorca, Spain, spoke very highly of our college. He had been here since October and left this week.

He first came to the United States and started learning English at Winjham College, Poltney, Vermont. There he was instructed by Professor Boulay also. Antonio said that his main purpose was to learn the English language in order to work in his brother's department store in Puerto Rico. There he will fill the position of a salesman, and thus be able to communicate with American tourists. His course in English consisted of three hour periods each day, five days a week.

In Spain, the universities have as their principal languages, French and some English. Antonio came to the United States under very easy terms. He had residence in Puerto Rico previous to his coming into the United States and under a special student privilege, he was easily recognized to enter as a foreign student. His success here at St. Michael's is best characterized by his good speaking and pronounciation.

These students are examples of those who desire to speak and learn the English language. Antonio can serve as an illustration of progress to the new, incoming, foreign students.

Greetings to all fellow capitalists from the caucus room of Ryan Hall. We assure you that the conspicuous 60-day absence of this marvelous gem has not been caused by corruption within Ryan Hall. Rumor has it that this unfortunate absence resulted from concerted efforts on the part of the Fascist press. But we're back.

**QUESTION NUMBER THREE: Will the Politics Club help or hinder every good man's coming to the aid of his party?**

The Politics Club is attempting through lectures, to bring both sides of a question to the students. These questions will be one National, State and Local level. Surveys have shown that the 21-26 year old age group shows the largest percentage of apathy. This is the shame of our country, at 18 we are old enough to fight for our country yet at 21 we don't have enough interest to vote in its elections.

Through the use of panel discussions, the Politics Club hopes to create an interest in political questions of the day.

### NOT A WORKSHOP FOR PROFESSIONAL POLITICIANS

In reading this column, the reader might wonder if this Club will be a workshop to turn out professional politicians, this is not true at all. The Club has a faculty moderator and is open to all students. Every one will have an equal chance in the discussions. Too often people think in terme of Republican and Democratic partiee first, and the United States second. One of the purposes in forming the Politics Club with Republican and Democratic factions within is to strengthen this idea of unity, and to seek Political Truth.

Political parties today have two main weaknesses. Outmoded party machinery and lack of responsibility to the people. The cure for outmoded party machinery is discussion. Discussion and change which will bring our government up to the level made by science and technological advancement. A prime example of lack of responsibility is Gov. Harriman. He stood for reduced taxes when he was campaigning but now that he's elected he is trying to put through a bill to increase the state income tax.

### ONE VOTE IS IMPORTANT

Too often one hears the remark, "What will my one vote do?" Well, here's what one vote did: A Representative was elected to the House of Representatives, he in turn cast the deciding vote for a Senator's election. (This was when the House of Representatives elected the members of the Senate.) This Senator's vote was the vote that kep Pres. Johnson from being

vote was the vote that kept Pres. Johnson from being impeached.

**In closing, I would like to present in definite terms the aim of the Politics Club to raise the level of understanding of politics and the level of participation in politics.**

Although the writers may not be the two unbiased persons on the subject of the newly-formed Politics Club, we nevertheless feel that facts are facts, and bias in either direction cannot possibly pervert them.

Next week's question will be: Should Red China be a member of the U.N.?

# Father Duford Campus Benefactor

If the new activities program, initiated on campus this Fall, is given half the support by the students that the Director of the program (Fr. Duford) is giving it, the program should be a resounding success.

Latest in a series of activities partially subsidized by the Director's office, is a special bus for students wanting to attend the SMC-Holy Cross game on February 10. In making the announcement, Father emphasized that 40 tickets must be sold before the 8th of the month to make this price possible. If this requirement is met, cost of a round-trip ticket will be just $4.75. The bus will leave campus at noon of that day, and return after the game. So if YOU want to make the trip, along with the gang, just go over to Father's office and notify him.

**Fr. Duford's office is also sponsoring weekly bus trips on Wednesday and Friday nights to Underhill. Buses leave at 6:30 and return at 10:45. Total cost for transportation and use of the ski tow is only $1.20 for the evening. However, at least 30 passengers must have notified the office 24 hours ahead of time for the trip to be made at that cost. In case you'd like to go, but don't own skis: just tell Father and he'll furnish you with one of 15 pairs, complete with poles and harnesses at a cost of $.50 for the evening, or if you want them for a weekend-$1.00.**

More recently, the same office announced that six or seven coke machines are to be set up on campus - probably before this issue is off the press. Price of a drink will be $.10, with a profit of more than a dollar a case to the S.A.C. budget. In making the announcement, Father Duford emphasized that the enterprise will be run on a trial basis for the time being, with the success of the project dependent on student cooperation.

# DUTCHMAN PLAYS AT AUDITORIUM

The next Community Concert in Burlington will be held Sunday afternoon at 3:15. The young Dutch pianist, Daniel Wayenburg will be heard in a recital at Memorial Auditorium.

Wayenburg made his American debut last year with the New York Philharmonic Society Orchestra. The Herald Tribune hailed him as "a pianist in the grand manner." He has been reengaged to appear with the New York Philharmonic.

Wayenberg's program will range from the Prelude and Fugue in C major from the "Well Tempered Clavichord" by J.S. Bach to compositions by the contemporary composers like Poulenc and Stallaert.

His major work Sunday afternoon will be the Sonata in D. minor by Beethoven. He will also be heard in a Brahms groups and in three Chopin selections.

The concert will be open only to those students who have subscribed for the full year. The $3:00 subscription admits to four concerts.

# *What Do You Want!*

Want to sell, trade or buy something? Just write out your ad and turn it into the Want Ad Department of the "Michaelman," at Ryan 130. Limit is 30 words to an ad, for a fee of $.10.

Wanted

To trade: 1 pair of hockey skates, size 9, for 1 pair of racer skates, size 9.

Jerry Ryan

**To rent: 11 pairs of skis and poles. Available at Dean of Men's office. Rental charge: $.50 per day; $1.00 per weekend.**

Someone to play the Ryan I basketball team, unless you're all afraid. Tiger Latus, Ryan I.

My basketball: It was borrowed at the start of the academic year. Jack Thompson, St. John's Hall.

To sell: Unusual calendars; Tom Schnurr, Ryan 230.

A ride: To N.Y. on Winter Carnival Weekend. J. Fortin, Ryan 411.

A red-headed maid: To sweep, clean, ETC., Excellent working conditions.

Apply to Ryan 104

# KNIGHT FLYER GOES TO PRESS

"Knight Flyer," the AFROTC newsletter, has finally arrived in the St. Michael's fold. Lt. Wirt Griggs, air pilot of this repository of Air Force propaganda, and Tom Leavitt, serving as co-pilot, plus a crew of reporters, will now be able to pass along to students of St. Michael's College, the "Voice of the Air Force."

Students and faculty will acquire and possess a better understanding of what ROTC, is, and it will give to them its benefits and effects upon young citizens in many of the colleges and universities of the United States.

This newsletter will also give them what to expect on the controversial subjects of "deferment," "commissions," and similar topics which have so far been known only among the cadets through argumental procedures.

The "Knight Flyer," which is the sonorous title of the paper, will supply written knowledge of facts of our expanding Air Force and ROTC news, important to all cadets.

Some of the news will be taken directly from the Air Force Press Service, and special topics will be written by cadets. Alumni news of AFROTC graduates will also be carried. The paper will come out once a month. Copies will be sent to 18 other colleges.

At present, Knight Flyer has 6 go-get-um reporters. with 1st/Lt. Wirt Griggs acting as CADRE advisor, and Tom Leavitt editing the publication.

# Crusader-Knight Tilt Heads Cagers' Busy Week Of Action

It will be a busy and tough week for the St. Michael's basketball team. The Purple Knights face three formitable foes in Middlebury, Holy Cross and Le Moyne.

Monday night SMC tangles with the Middlebury Panthers for the second time. It's a home game for the Knights at Memorial Auditorium.

The Panthers, 2-1 in state play, dropped a 70-69 squeaker to St. Michael's three weeks ago. The Knights really had to fight for this one, coming from a seven point halftime deficit.

The outside shooting of Anfindsen, Sykes and Hoops, coupled with the rebounding of "Kangaroo" Tom Hart, means that the Knights are in for a rough go of it with Middlebury.

Holy Cross provides the opposition Thursday night in a road game at Worcester, Mass. The Crusaders, perennial eastern powerhouse, have lost the services of the great Togo Palazzi and Ron Perry, stars of last year's 26-2 club.

However, before you shed any tears for Crusader coach Les Sheary, remember that the nation's sophomore sensation Tom Heinsohn, is back rewriting HC records. Heinsohn is averaging 28 a game for the Crusaders, who stand 11-2 this season. An. other returnee is Joe Early, diminutive playmaker and team captain.

The knights cap the busy week facing Le Moyne at the Auditorium in a Winter Carnival Weekend feature Saturday afternoon at 3:30.

## Class Tourney

Intra-class hockey opens this week-end with a pair of battles. Saturday will find the Sophs matching blades with the Seniors. On the following day the Juniors trade goals with the Frosh. Both games will be played on the ring laid out on the Athletic field, and both will start promptly at 2:00 p.m.

Fr. Stankiewicz, Moderator of athletics, has expressed the desire for skating facilities for those not active in the Intra-class League. He is working with Mr. John Buchan, Business Manager, on the possibility of night skating. His plans call for use of the spot-light located atop of the press box. He stated that only through the cooperation of the students can his plans be realized. Better care of the facilities now at their disposal will quicken the school's action on this proposal.

## INTRAMURALS

Ryan Hall 1A became sole occupant of first place in the Intramural League as it edged runner-up St. James, 32-30. The loss dropped St. James into a four-way tie for second. Ryan had built up a nine point lead going into the final period. St. James caught them but could not hold them, as the Ryanners squeezed out a two-point victory.

Jim Virtuoso led the winner with twelve, while "Trooper" Caldwell was high on the "Jimmy's" with thirteen.

In a battle for second place Old Hall 3 came from behind to edge Old Hall 2 by a narrow 39-37 score. Massi led all scorers with 19 points. He and Jim O'Neill combined for eleven points in the hectic fourth quarter to give the boys from the third floor the decision.

In other games Off-Campus out-puffed the Faculty 41-38; Ryan 1A topped Ryan 3B, 34-32; St. Pat's dropped Ryan 3A, 24-17; Off-Campus A rolled to an impressive 44-26 win over Old Hall 4; St. Leo's came fast in the final quarter to upend St. John's 46-35; St. Will's crushed Ryan 3C 49-21; and finally Ryan 3C took it on the chin again losing to St. John's by a 37-28 score.

## LANCE

*Continued from page 1*

LANCE Handles Christopher Contest
$4,000 in Prizes

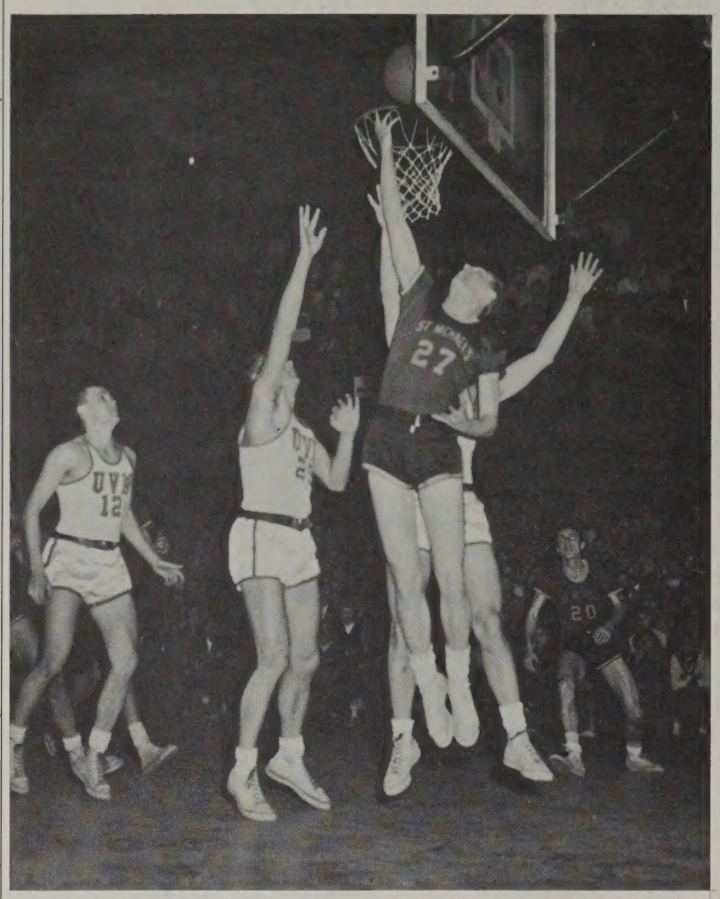
In addition to the Inter-Class writing competition, LANCE will sponsor and process any contributions offered for inclusion in the next issue, for submission in the current Christopher Writing Contest. Contributions in this contest are limited to four subjects, either in the form of short-stories or plays. Works of this kind should reflect human interest and selflessness on the part of individuals dedicated to furthering peace and contentment among their fellow men. Stories or plays submitted will be turned over to the Christopher Contest Office where they will be considered for dramatic appeal and general interest. Should the contribution of a student of Saint Michael's College be selected as a winner, it will be converted into a form suitable for television presentation. First prize in this contest is one thousand dollars. Second, third and fourth prizes respectively are: $750, $500, $250. Fifteen prizes of one hundred dollars each will also be awarded. See Dave Essenfeld for complete information on this contest.

Dave asks all contributors to LANCE to specify on their manuscripts whether or not they desire that their works be submitted to the Christophers. Deadline on the contest is March 31, 1955.

## UVM At St. Michael's

The St. Michael's freshman cagers will meet the Vermont yearlings in a home and home series in the gyms of each school. On Thursday February 10, Pete Plourde's Purple Squires play host to the UVM frosh in St. Michael's gym. The Kittens return the favor Wednesday February 16, on their home court. Both are afternoon games beginning at 4:30.

# HOT KNIGHTS WILT COOL CATS 88-66 FOR SECOND STATE WIN



*Squirming through two Vermont defenders, Knight star, TOM LEMANOWICZ (27) backhands two points as BILL KUCHAR (20) comes up to help out. Vermont's BILL MANN (12), BILL KING (25) and unidentified player were helpless on this one. The Knights whipped Vermont 88-66.*

St. Michael's scoring soph, Tom Lemanowicz dunked his first shot and the Knights were off to the races, rolling over the Vermont Catamounts 88-66 Wednesday night at the Auditorium. The Knights picked up their second straight win as they posted their highest score ever against their cross-river rivals.

### TORRID TRIO

The Purple Knights were red hot against tne UVM Catamounts. With the first five going all the way, 47% of their floor shots were on the target. Tom Lemanowicz (23), Bob Young (23) and Bill Kuchar (22) were the hottest shots of all.

Everything clicked for the victors in the first half. Young and Lemankwicz scored from underneath, Bernie Cieplicki bombed from the outside, and Bill Kuchar popped in his jump shot from all angles. By halftime the unlucky Cats were trailing 48-28.

### FINAL HALF EVEN

The scoring was even in the second half. Vermont's shooting picked up while the Knights merely waited for the good shot. In the final 8 minutes, Vermont coach Fuzzy Evans sent a group of sophomore ballhawkers in order to get the Knights to foul. It didn't work; St. St. Michael's got the foul shots and canned five of their last six floor shots.

Previoux high for SMC was the 82-75 overtime win against the Cats last year. Vermont is now 0-3 in state-play, the Knights 2-0.

Bernie Cieplicki gave the Knights a scare when he writhed on the floor with a painful leg cramp in the final minute. He's OK now.

Bob Young, in addition to his scoring, flashed some fancy feeding throughout.

HALF: SMC 48 UVM 28

## Army Halts Five Game Purple Streak With 95-64 Crusher

A disorganized Knight cage squad had their five game win streak rudely snapped 95-64 by a sharpshooting, fastbreaking Army club at West Point on January 26.

Army jumped to a quick 20-2 lead early in the first half and was never headed. By halftime St. Michael's was behind 45-29.

The Purple Knights looked like a new team for about eight minutes of the second half. The aggressive play and rebounding of Jack Coffey and the corner shooting of Tommy Lemanowicz reduced the Cadet lead to 9 points. Then the roof fell in.

Working smoothly from a weave, the Cadets started to bomb the nets from close up. The Knights were left in the lurch as Army recked up 50 points in the final half.

Army ace, Mark Binstein, had game high with 29. Last year he hit for 28 against the Knights. Bernie Cieplicki paced SMC with 15 on his outside shooting. Jack Coffey also excelled in the brief second half surge.

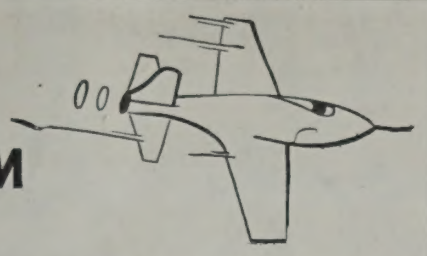
# JET STREAM



By Tom Leavitt

*Junior ROTC Cadet Richard Narkewicz receives pre-flight orientation instructions from Capt. Wm. Doe.*

Before getting into any news having a direct bearing on AFROTC we feel it only fitting and proper to make known the following information for the benefit of the flying officers in Ryan I and II, whose rooms serve the two-fold purpose of living quarters and jet hangers. Under cover of St. James 104 Cadet R. DeCastro has secretay constructed a MIG-17D, which will be ready for air combat sometime in the near future. Word has it that Cadet DeCastro has been mumbling something to himself about claiming air superiority over the SMC campus before the second semester ends. We suggest that the Ryan Hall Board of directors of the "Jet Jockeys" put their heads together and organized their retaliation forces before it is too late.

### CADET NESS

On Wednesday last, four of the CADRE officers and two Cadet officers flew to West Point to take in the SMC-Army ball game. The flight served as an orientation flight for Cadets Frank O'Handley and Dick Narkewicz, student officers in the AFROTC. The C-45 in which the group flew down was piloted by Capt. Frank Delmerico, with Capt. John Kiernan co-piloting. Capt. William Doe and Lt. Wirt Griggs served as instruction officers on the flight. Cadet Narkewicz flew the plane for about twenty minutes during the trip. While at West Point, the group visited several of the major scenic attractions on the campus and interviewed several of the West Point Cadets. They also took in part of the ball game beforr returning to Burlington.

Within the next two weeks a liason inspection team will visit the campus for a few days for the purpose of surveying the SMC AFROTC detachment. They will intervies several of the cadet officers and familiarize themselves with the operations and mechanics of the Cadet Corps. Cadets should look sharp and be on their toes, as the picture the liason team gets while they are here will represent all the efforts of the entire ssemester.

Sophomores now heave a sigh of relief as they anxiously await the results of the Stanine tests which they took Tuesday and Wednesday of this week. The Stanines are a series of Air Force Officers Qualification tests which are given to Sophomore Cadets in order to determine whether or not the student has the mental ability and aptitude to serve as a flying officer in the U.S.A.F. The word "Stanine" develops from the system of marking on a standard of which nine is the highest possible score, of which a score of four is needed to "Pass". Las year's scores averaged between four and five.

### ALL-MAGNESIUM PLANE

An item of interest in the Air Force Press Service tells us that the Air Research and Development Command has announced that the first flight of an experimental all magnesium airplane will be made sometime during February at Mitchell AFB, New York. An AF F-80-c with a fuselage of almost 100% magnesium will be flown, with all eyes watching anxiously. Primary reason for the test is that magnesium is the best known substitute for aluminum and the supply is nearly inexhaustible.

CONGRATULATIONS are in order for Col. and Mrs. Donald J. Quigly who have become parents for the third time recently. On January 29, Mrs. Quigley gave birth to a baby boy at Fanny Allen Hospital. Both mother and son are doing fine.

All veterans, desirous of receiving a commission in the United States Air Force Reserve, must enroll in the AFROTC Program upon entering school. Credit for service is no longer given as was the case previous to this year.

# SALUTE LT. SMITH

The honor of being the first Air Force Cadet to be commissioned during the Golden Jubilee year of St. Michael's College goes to a varsity pitcher who earned his degree in three and a half years.

He is Lt. Gerard A. Smith, 9 Cumberland Rd., Glen Rock, N.J., who was sworn in yesterday at St. Michael's by Lt. Col. Donald J. Quigley. Smith will probably be called to active duty this spring for a three year term as an administrative officer.

Smith finished up his business administration course this week at midterm. "Jerry" Smith as the big right hander was known at St. Michael's pitched vargity baseball for three years, racking up some notable wins for Coach Doc Jacobs. He served for two years as president of the New Jersey Club on campus and was active in the Spanish Club and the Mission Crusade.

He is the son of Mr. and Mrs. Paul W. Smith of Glen Rock and he prepared for St. Michael's at Ridgewood High School from which he was graduated in 1951.

# "Bad Day At St. Michael's"

The president's secretary is going to be costarred with Spencer Tracy.

The Flynn Theater in Burlington will show "Life at St. Michael's" next week when the other feature is "Bad Day at Black Rock". The show will be from February 9 to 12.

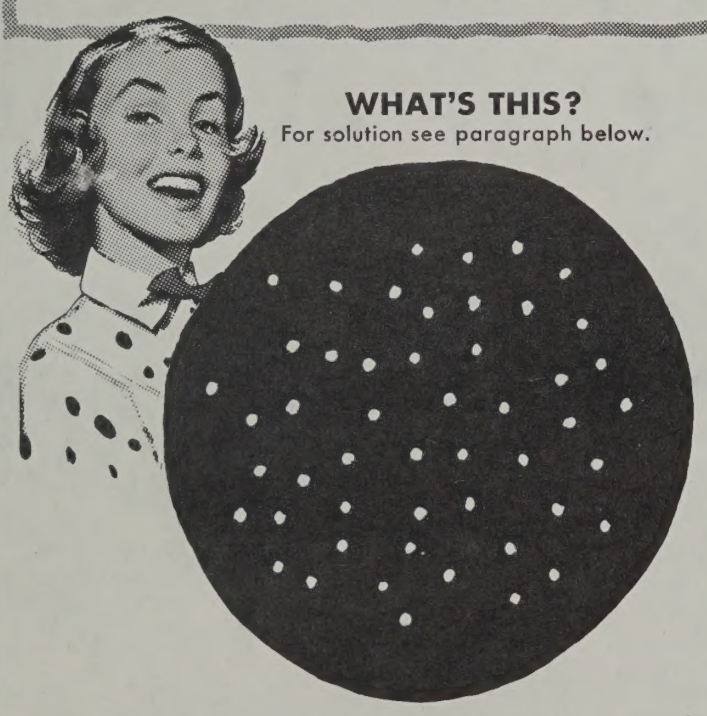
Manager Ralph Gilbert as a salute to St. Michael's during its Golden Jubilee year has offered to show our 20 minute color movie.

That's the movie that most Michaelmen have seen with Miss Theresa M. Camire as the Winter Carnival Queen which role she played in real life.

The movie has been seen in many high schools and by many Catholic and civic clubs. The Flynn showing, however, is the first big screen showing for the general public.

"Life at St. Michael's" grew out of an education course taught by Mr. Garrett. A Student Council committee went to work on the project and with filming chiefly by Father Paulin, a picture evolved which will be seen by thousands of Burlingtonians and visitors next week.

LOOK! LOOK! LOOK! LUCKY DROODLES!



WHAT'S THIS?

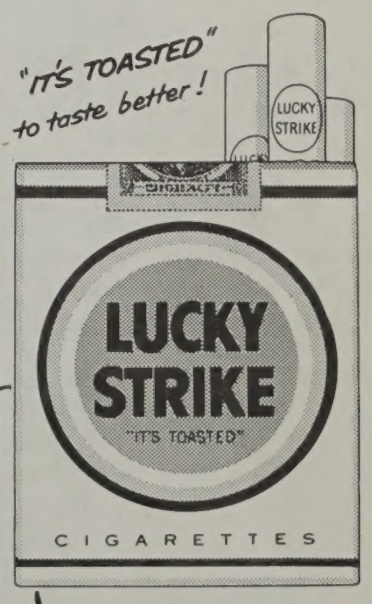
**OBVIOUSLY, THE TITLE** of the above Droodle is: 47 insectology students enjoying better-tasting Luckies while studying 3 fireflies. All kinds of students are *bugs* about Luckies. Matter of fact, college smokers prefer Luckies to all other brands—and by a wide margin—according to the latest and greatest of all college surveys. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. So, enjoy the better-tasting cigarette . . . Lucky Strike.



Better taste Luckies...

# Guests Look S M C Over

Winter Carnival Weekend guests at St. Michael's College starting February 11, will include high school seniors from Vermont and Northern New York.

The Catholic College Weekend will be held on campus for those seniors who might be interested in college. Invitations have been issued by Rev. Gerald E. Dupont, S.S.E., academic dean of St. Michael's.

In addition to seeing the Carnival activities, the visitors will be guests at the Basketball game Saturday afternoon between St. Michael's and LeMoyne University.

Faculty and student leaders who will consult with the visitors include: Fr. Dupont; Capt. William Doe of the Air Force ROTC faculty and Robert Bolster, president of the Student Council.

Rev. James Coombs, S.S.E., director of guidance and Thomas A. Garrett, director of admissions, will offer individual counseling. A campus tour and the color movie, "Life at St. Michael's," which the students made will also be included in the weekend.

On Sunday, the students will attend Mass in the college chapel and be guests at dinner.

## CLUB NOTES

**S.A.C.**
Meeting on Monday at 6:15 P.M. To be held earlier because of the game.

**Shield**
Meeting on Tuesday at 7:00 P.M. in Science 107 for all members except the Business and Advertising Staff.

**POLITICS CLUB**
Meets on Tuesday from 7 to 8:30 P.M. There will be a guest speaker.

**GLEE CLUB**
Is now meeting almost everyday, preparing for their first out-of-state concert on Monday, February 14, at the College of Our Lady of the Elms in Chicopee, Mass.

**SOCIOLOGY CLUB**
Will meet on Tuesday at 8:30 P.M. in Sc. 107. The speaker will be Miss Jane E. Connors. A business meeting will precede at 7:00 P.M.

**DEBATING CLUB**
Will meet on Thursday at 4:00 P.M. in Science 308 to discuss interclass debate plans. There will be an intra-club debate.

## YOU MISSED SOMETHING

The Sophomore Class wishes to extend its sympathy to all those who are anxiously awaiting a Saturday night dance because you just missed one! The First Sophomore dance of the year was held in Austin Hall on the eve of January 15, and was attended by sixty-seven couples who danced the evening away to tunes played by the "Arabian Knights."

The theme for the evening was "Winter Paradise", which was commendably augmented by the splendid job of the Decorating Committee headed by Kevin McGrath. Some very original ideas were incorporated by the Committee, especially the panel display of a toboggan, sled, skis and poles and hockey skates with stick, all representing various winter sports. Connie Buckley headed the Ticket Committee, and Walt Bellcourt handled refreshments.

The dance was financially unsuccessful due primarily to a smaller attendance than anticipated. However, all who did attend spent an enjoyable evening.
